Cholera Danger Bars
Seafoods for Japan G.I.s
TOKYO—An American personnel in Japan were forbidden to consume Japanese seafoods because of the danger of contracting cholera. Swimming or fishing in Tokyo bay also were prohibited by an order of the United States military government. Because of an outbreak of cholera toward the Liberty ship Gilbert M. Harbord was ordered to quarantine in Tokyo bay with a shipload of repatriates from Formosa.

How Your Television "Commercial" Will

To enhance an impressive list of manufacturing "firsts," Chevrolet now engages in another pioneering venture as the first motor car manufacturer to sponsor a regular commercial television show. Admittedly an exploratory venture to evaluate the possibilities of television as an advertising medium, these broadcasts were the first series, a half-hour program titled "Roads

THE OLD JUDGE SAYS...

STEVE: "How was the hospital dinner, Judge? Sorry I couldn't get there."

OLD JUDGE: "Very interesting, Steve. One of the doctors on the staff read a paper on the research work that is going on at one of the big universities where they are studying chronic alcoholism."

STEVE: "I'd like to have heard that, Judge."

OLD JUDGE: "He pointed out that approximately 95% of the people who drink do so sensibly. Only 5% abuse the privilege oc-

asionally included in that 5% is a very small number known as alcoholics. Then he quoted a doctor from a famous university who said 'Alcoholics are sick sons and, if treated as such, may be cured.' Alcoholism, he said, is not caused by abuse but by deep-rooted emotional derangement which can be prevented by education. Often cured through modern psychology."

STEVE: "That's the most sensible approach to the problem I've heard of."

WE DON'T blame you, mister - laundering the dishes is not our idea of "good duty," either - nor any of the dozens of other household chores that must be done daily.

But - what a difference when you have plenty of hot water always on tap!

HOT WATER BY WIRE is automatic, clean, safe, dependable and thrifty. A modern automatic Electric Water Heater gives you round-the-clock service with no attention from you. Thick insulation keeps the outside cabinet cool to the touch. And it's so clean you can install it in the most convenient and economical place in your home. Thrifty, because you get better hot water service at the one-cent, off-peak rate!

Greyhound Serves Appomattox Day After Day

—closely linking this community with all the Nation

Hear the new Song Hit—
"LOVE ON A GREYHOUND BUS"

GREYHOUND

If you live near a great highway, your sunrise serene might well be the muffled motors of a Greyhound highway cruiser...rolling into the community with passengers from the four corners of the Nation—rolling out of town, bound for great cities, small towns and rural communities—nearly and all over This Amazing America.

For almost a score of years, Greyhound has dependably carried farm folk to the city, workers to their jobs, vacationists to resorts. Greyhound employees, who know the meaning of the word "courtesy," have enjoyed, increasingly, the confidence of the people of this area during these years.

Greyhound deeply appreciates that confidence—and Greyhound people (who are your neighbors) pledge you even finer highway travel tomorrow...sure as the sunrise!
